

markdeck

create cool slide decks using markdown only

github.com/arnehilmann/markdeck

markdeck on docker hub

arne@hilmann.de | 2018-01 🙄

features

the whole deck as markdown

cool ui, based on reveal.js

features

on-the-fly rendering of asciiart

boxes, uml, graphs, charts, equations, qrcodes, ...

features

emojis and terminal sessions

on-the-fly reload when changing sources

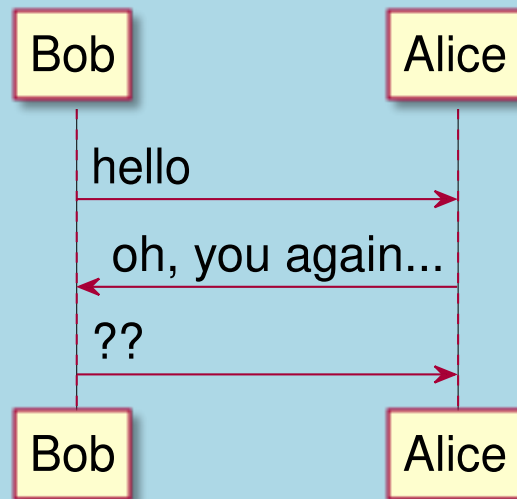

asciart: boxes

ditaa

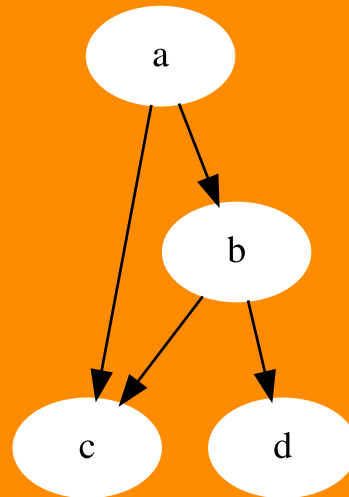

asciiart: uml

plantuml

asciiart: graphs

graphviz

asciiart: charts

vega-lite

asciart: equations

mathjax

$$a^2 + b^2 = c^2$$

$$e = \lim_{n \rightarrow \infty} \left(1 + \frac{1}{n} \right)^n$$

terminal session: asciinema

```
arne@elk ~ % tadahh
```

```
zsh: command not found: tadahh
```

```
127 arne@elk ~ % echo na mal sehn ob das funzt
```

:(

```
na mal sehn ob das funzt
```

```
arne@elk ~ % cowsay tadahh
```

```
-----  
< tadahh >
```

```
-----
```

```
  \   ^__^  
  \  (oo)\_____  
      (__)\       )\/\  
          ||----w |  
          ||     ||
```

```
arne@elk ~ % # bye
```

```
arne@elk ~ %
```

00:00

Thank You!
